

## PREPARING YOUR HOME FOR VIDEO

In the wake of the global pandemic of COVID-19, we are all experiencing changes. The health and well-being of our community, customers, Brokers, and marketing team are our top priority. In accordance with the World Health Organization and the Centers for Disease Control, we have implemented social distancing and other recommended practices. Here's how you can help our video shoots:

- Turn on all lights
- Turn on all ceiling fans
- Turn on all fireplaces (if applicable)
- Open all interior doors
- Open all curtains and blinds
- Remove vehicles from the front of the house (if possible)

## TIPS TO HAVE YOUR HOME READY FOR PHOTOGRAPHY AND / OR VIDEOGRAPHY:

- Remove all clutter from countertops and shelves - especially in the kitchen and bathrooms
- No dishes in the sink
- Remove personal framed photos from shelves
- If you have any large / walk in closets - make sure they're tidy, shoes are stored, and clothes are hanging neatly
- Make all beds
- Remove all items from the floor - such as computers, modems, stacks of books and magazines
- Put away extra towels that hang in the bathrooms
- Toilet lids down and wastebaskets emptied
- Put pets away in a safe location
- Remove pet beds, toys and crates in rooms that will be photographed / filmed
- Sweep leaves from walkways and patios
- Trash and recycle bins should be hidden inside and outside
